General Report Comments: Upon arrival there were policemen who were searching the place. One dog was found dead and the policemen told that the dogs had a fight. Gucci and Hitler killed the other through the palisade fencing. The Brindle dog put its head through the palisade fencing and Hitler had to attack it and kill it. The police said they tried to separate the dogs but Hitler's teeth had locked until the other dog died. The police and I tried to convince the owner to surrender the dogs which were involved in the fight and the owner Pertunia agreed as the dog was vicious to human beings and other dogs which he owns. He also has some kids who may also be victims of being attacked by the dog.
