General Report Comments: Upon arrival arrival the dogs were pulling some ropes and strings which shows that they are chained or tied to the trees or old cars which are not moving. The area is very dirty because it is in front of a scrap yard. I asked the people around and the complainant and they told me that the dogs do not have an owner. The kids when they come from school they usually play and tie them but the dogs do not belong to them. By the time i arrive the kids were still at school. I had to take the dogs to the Sandton SPCA as strays. One dog the x pitbull male had a broken front right leg. I had to euthanise the dog and it has some fresh bite wounds and the people around told me that some dogs come for the dog on heat and they sometimes fight each other.
