CHECKLISTS

General Report Comments: A guy who identified himself as the dog owner's brother by the name, Albert allowed me to enter the property to but saying they'd lost the dog. He called his brother, Dalton to give me details about the dog. I confronted Dalton about the allegations of dragging the dog he told me that the information is not correct they never did such and also confirmed that they lost the dog. Dalton is an artist and he revealed to me that he was keeping the dog for guarding purposes as they are always being burgled into stealing their artwork.
