General Report Comments: Upon arrival one dog was found at the property. The dog appeared to be in good condition. The owner did agree that he was carrying an irrigation pipe trying to chase a dog but he did not beat the dog with it. The dog did not go away. I had to educate him that the reason the dog was there its because his dog is on heat. He told me that the vet told him that his dog is old je he cannot sterilise it. The dog which the complainant suspected that he beat it, i collected it as stray and it was not injured or
