General Report Comments: I've spoken to Mr Moodley Rajen who has denied to shot the neighbors dog. He showed me his pallet gun and stated that his pallet gun did not shot the neighbors dog and have been served with notice from the lawyers.
When this happened the owner of the dog where not in South Africa. They went to India and only the domestic worker was left at home and according to Devi, Blaze owners the domestic worker does not remember the date and did not see who shot the dog but they suspect it's Mr Moodley Rajen.
During my investigation I could not find solid evidence who shot Blaze. The was evidence that unit 2 are involved in shooting since I saw the pallets gun on top of their roof. I do not have evidence to point who shot Blaze and when this happened.
