General Report Comments: Upon arrival at the property there was nobody. I checked at Jeunesse Rd Raumaraispark and i saw one black rabbit in front number 7 Jeunesse Rd, i tried to catch it with a net and it ran away and went into number 4 Jeunesse. I left a warning note for the owner of the property to contact me. I went to number 6 and 7 and I spoke to them regarding leaving a cat trap inside their property and they told me that the rabbits do not go into their property and there is no need for me to leave it. I waited for about 30 minutes but the rabbit didn't come out. As i was leaving a lady called Tracey came and told me she is a tenant for number 4 Jeunesse and she told me that the rabbits do not belong to their address they are ferals. Only one comes inside their property when someone or dogs chases it because their property has gaps were it can fit and hide inside and I asked her to leave a trap in their property but she told me that she needs the permission to the landlord first so that I can put it their property and the landlord is in France i can contact Tracey will let me know by Monday if the landlord agreed if I can leave the trap.
