General Report Comments: Upon arrival at the property I met with Joshua and showed me the area where the dogs broke through and it was fixed already.
I noted that there were some bricks against the wall which could likely be a step ladder for the dogs to jump over the wall. The yard was dirty and faeces had not been picked up.
A written warning was issued for the above highlighted concerns to be rectified .
The complainant arrived and came to speak to us. I learnt that they are actually good neighbours. I went to the neighbours yard to see where the wall has been rectified and fixed. I was satisfied that the risk and already been mitigated.
