General Report Comments: The owner of the dog denied that his the one that was hitting the dog and was away. I asked him who was available to take care of the dogs because I've got evidence that shows someone amongs them has been physically abusing the dog. I was informed his friends and family where exchanging regarding taking care of the dogs. I issued him with the warning and informed him that physically abusing the dogs is unacceptable and keeping so many dogs its against the by-law. He decided to surrender some of the dogs to the Sandton SPCA.
