General Report Comments: Upon arrival at the property the owner of the dogs was not present. The dogs appeared to be in good condition. Zihle told us that the owner of the dogs did take them to Animals Anti Cruelty and even went to Ken Valley vet to make enquiries about vaccinations. She showed us paperwork of when they went to Ken Valley vet which was just information on Parvo and importance of vaccinations. I contacted Bhecki Mngoma he told me that he did take the dogs to regents Park SPCA which is the animal anti cruelty and he said they gave the pup an injection and a tablet.
The dogs appeared to be in good health and their living conditions were satisfactory.
