General Report Comments: Upon arrival at the property no4 No dogs were found. Lolo Raphelo informed that the dogs were next door which was no. 3. I proceeded to no. 3 and found 2x dogs. MR Modise gave me permission to enter the property. I told him the purpose of my visit. He told me he was not surprised because he had a son who has mental or Psychiatric problem and when he hasn't taken his medication he sometimes takes dogs and cause problems. He told me he was not around the past weekend of the 23rd September. He called his son, Thabiso Mokoele to explain. Thabiso told us that he had taken the dogs out for a walk but none of the dogs were on leashes. He said as he walked them they went to a neighbours property and wanted to fight the dogs there. He said luckily nothing happened. Education was provided and a written warning was issued to Thabiso. I also advised Mr Modise not to allow Thabiso to take the dogs out on walks unsupervised. He agreed. The brown and white Pitbull had old fighting scars and Mr Modise explained that this happened a long time and the dog was treated at Sandton SPCA when the dog went out and fought with a neighbors dog.
