General Report Comments: Upon arrival at the property the domestic worker did not want to let me into the premises to conduct an inspection on the living conditions of the dog. She wouldn't even show the water being provided for the dog. She said the daughter of the deceased lives in Cape Town but she didn't want to provide me with her numbers. She said she will take my number and give it to her later because she hasn't got airtime. I offered her my cellphone and she refused. She told me she won't let me in and that I can go and open a case against her.
I left a written warning with my contact details to be contacted within 24 hours.
