General Report Comments: Upon arrival at the property, the owner could not find let me enter the house at first. I asked the owner to speak to her indoors so that the neighbors won't hear her affairs. The neighbors came at the door who ended up revealing that they were complainants. I found a cat and a dog which keeps as pets in her flat. They were provided with sleeping beds water and feeding. The cat was not sterilized so I then offered to get her cat neutered . I took the cat for admission to have the cat sterilized.
