General Report Comments: After looking for the address, I was finally phoned by the complainant as I was looking for the address. He gave me directions to the property. I went to the property and spoke with the owner's divorcee through the gate claiming that the husband is away with all the keys. The puppy was tied up to tree trunk with what appeared to be a cargo strap. There was a lunch box container next to the dog with water. Tulsi said she won't be able to be responsible for anything related to the dog as she wants nothing to do with it. I left her a warning note for the owner to contact me within 24 hours. To follow up in 24 hours
