General Report Comments: Inspector Stephen and I arrived at the house and found a tenant on the property who opened the small gate for us to enter. I phoned the owner Mr Ghebre who said that he was not around he far away across town but the man on the property will help us with anything regarding the dogs. There were 2 dogs on the property (as detailed). Water and shelter were available for the dogs and they showed fair body condition score. I asked him why was he leaving the dog in this condition but he said he was going to take the dog to a vet tomorrow. I told him that I'll be leaving a warning for him not to let this happen in future because he will be prosecuted. A written warning was given to the tenant and the landlord.
