General Report Comments: Arrived at the property and found no one when I hooted at the gate. There were 7 dogs(3) and puppies(4) and according to one of the neighbors one of the puppies slipped their way out of the yard and was taken to a local vet. There was a lactating bitch with teary eyes and slightly underweight. The yard/driveway appeared to have poo that hasn't been scooped for some time. I was given the contact details believed to belong to the owner. I phoned the number but it went to voice mail and I left a voice message for the owner. He is alleged to be a lawyer who hasn't been home for at least 2 days. The other dogs were in a fair condition. I left a written warning for him to contact us within the next 24 hours. Snr. Insp. Stephen to follow up should there be no response from the owner and try feeding the dogs if needs be. To follow up in 24 hours
