Comments: I met the apartment promoter at the entrance of Vickers Place . He directed me to the caretaker's office , Mr Vincent Moyo he said he was not aware of any sewage blockage on the building . He also said no pets are allowed on the building but he gave access for me to check any feral cats. I searched the building and basement with an escort of the one of the security guards named, Mtokozi who said to me that he never saw any cats on the property. I proceeded to the alleyway where no sewage appeared to be running through. The only sewage clogged was on roadside of Twist Street adjacent to the building. The basement seems to be a tranquil but I never spotted any cat during my assessment. I'll be suggesting trapping the cats and taking them of the building with the complainant's consent . To phone Rene about this suggestion
