General Report Comments: I was given access by the helper to enter. The owners were not there during my visit. They 2 x 2 months old puppies that appeared to be in acceptable physical condition. The had adequate space to access and run around. Water and food were provided in metal feeding bowls. A polycanvas teepee tent was erected for the puppies to serve as shelter. The owner said ordered a new dog kennel when I spoke to him over the phone. Food was also available. I asked him how the puppies got out he said that a gate was left open I offered sterilization but he was not ready for them to be sterilized. I did leave my contact with owner to call me when in need of our services. No welfare concerns observed
