General Report Comments: I phoned the complainant again and she told me that she is not sure of the address. As I was checking the address Nomusa told me that she wants to surrender her dog to the Sandton SPCA because it has a lump. I told her I will come and collect it but I am busy looking for the address and she told me there is no address like that in Lombardy West. I phoned the complainant again and she told me I must ask for a place where Nomusa lives.

Upon arrival at Nomusa 's address the gate was closed the other appeared to be in good condition. The only concern was that that the greyhound had a lump. She surrendered the greyhound. They also told that their dogs are not aggressive and they don't go outside the property. I educated her that her dogs must not go into the street.
