General Report Comments: The dogs appeared to be in good condition. They were roaming freely in the property. I asked the helper Matende who is the one who is responsible with the feeding and he told me that the dogs do cry in distress they sometimes bark a lot if he went out to the shops. These holidays he is around he is not going anywhere. I educated him about sterilisation and he told me he does not own the dogs they belong to his employer and he will discuss the matter when he comes on holiday.
