General Report Comments: Upon arrival the dogs appeared to be in a fair condition. The dogs had fly bites and the owner was treating them with a shoo fly. I checked the dogs some bite wounds but they didn't have. I asked the owner about dogs fighting each other but he told me that they don't fight the bigger sometimes bites the puppies when they don't want to play. Regarding the tortoise he told me he didn't know that they are not allowed to keep he will speak with her mother. I had to educate him regarding the sterilisation and he promised to do in February but he is not sure of the date.
