General Report Comments: The dogs' skin condition had improved drastically upon my follow up inspection. The husband was on shift during my visit. I found Mrs. Tyali who gave me access to view the dogs' living condition. Water and shelter were adequately available. She said they had not been able to take the dogs to a vet and had been using home remedies and at some point bought a Nexguard chewable tablet and Eczema shampoos. I offered to help her with getting them neutered on Wednesday and I should come to fetch them. To arrange sterilization on the 15/03/2023
