General Report Comments: Upon arrival the dog appeared to be in good condition. They did not have scars or any injuries. Brian told me that the dog which was killed by their dog used to live in the same property 2 months ago. The dog came into the property so their Pitbull was no longer used to this male dog so they had to fight and they were not able to separate them. I had to educate the owner on the phone to surrender the dog to the Sandton SPCA and he told me that his dog is not vicious he is able to control it . He also does not want to sterilise the dog.
