CHECKLISTS

General Report Comments: I found one of the tenants renting their portion of the house, named Sharon Moyo who said she won't be able to give me consent of entry unless she speaks to the caretaker due to criminal activities in the area. Mrs Moyo got a hold of the caretaker who did not answer their phone. I asked her for the contacts for me to try him as well but I was unsuccessful. Mrs Moyo did admit to the fighting between the dogs alleging that it was caused by a bitch on heat. She claimed none of the dogs have injuries also revealing that one of the males was tied up. I could not see any dogs because they are kept in the backyard and the yard is solidly secured with metal gate and a wall. I left a written Warning note for the owner to call me within 24 hours to discuss these allegations
