General Report Comments: I met Mrs Dames at the house who took me into the yard. There were 2 Jack Russell dogs in acceptable physical condition. Potable water and shelter were adequately available. No dogs appeared to be 'skinny' during my inspection. The front step covered patio was available and serving as their shelter when the owners are not home. I advised her to lay down some blankets or something comfortable for the dogs. She revealed to me that they will be moving to Randburg area soon with the dogs. No violation of the Animals Protection Act was found.
