General Report Comments: Upon following up, the owner had already rectified the concerns. Grooming of the Caucasian shepherd was done, broken pallets were removed from two enclosures but there was still one pallet with a loose plank that needed repairs. The grass and the tree were also trimmed to acceptable levels. Potable water and the enclosure were kept clean. I told the owner to always keep the place well-maintained. Regular dog walks and exercises to keep the dogs stimulated. I will ask the complainant to bring our eyes and ears and inform us of any animal cruelty that may be taking place. Matter concluded for now.
