Comments:	We met with the owner, Mr Ochiagha Prince Agbarakwe at the SPCA inspectorate office after having called earlier in response to the Warning note I left at his property . He claimed he didn't have anywhere to put when he was running his errands that is why he had to put the dog there for a short while. We told him to that we could only release the dog back if he agreed to our terms i.e. provide us his proof of ID., residence, a letter from the landlord, and we neuter the dog with fees settled in full. We told him that the dog will be neutered on the 5th February and his documents must be submitted by then. I issued him with another written warning(VX 0762) that he was supposed to sign in person. To follow up on the 5th Feb
