General Report Comments: All dogs appeared to be in good condition no scars observed. I spoke with the owner of the dogs regarding his dogs attacking one of the the neighbors dog and he told me it went out by mistake when he opened the gate. He told me he went to check the dog and apologised to the owner but the dog was not injured. He also asked the owner that if she takes the dog to the vet for treatment he will pay the fees and transport costs. I went also to check the dog which was bitten but it didn't have any wounds. He also told me that his dogs have never been on the street it was a once off thing . The dog which is always on the street its not his . He takes his on leash because he knows Pitbull are good with other dogs and people are afraid of them. I spoke to the owner regarding sterilising his dogs but he told me they have never made puppies and he is not interested in sterilisation. Educated him to be cautious when opening the gate.
