CHECKLISTS

General Report Comments: There was an Arabic gentleman, who identified himself as Asad, who could not properly communicate in English. We explained the reason for our visit but he did not want to grant us any access into the yard. We saw how dirty with faeces in the yard and we told him about it then he started cleaning the yard immediately. About 6 dogs and a cat were kept in the yard. He tried explaining but from what we can understand he was pet-sitting for friends who were on holiday. He said they would be selling the puppies to people. We left a warning note for his wife who is local citizen to contact us within 24 hours. To follow-up
