General Report Comments: I found the helper at the property who said she received my warning at the gate. She wanted to first phone the owner of the property. I spoke to the owner who said the allegations were not true because the helper Mollen is always available but the owner, innocent Khumalo was away in the UK at the time of my visit. When I spoke to the helper, she said she was at the house bathing on the day I was hooting at the gate. The dog was in acceptable physical condition. There was accessible potable water and shelter(indoors) was available. No violation of the A.P.A. Matter
