General Report Comments: Upon arrival the dogs appeared to be in good condition. They had shelter. I spoke to the owner regarding his dogs going to the neighbours property and he told me that his dogs don't jump his fence which 1,5 metres and come back without anyone noticing the dogs. He says his employee was around and he denied. I had to educate him that he needs to make his wall much bigger so that he will have a proof that his dog did not jump into the neighbours property. He told me also that according to his employee the cat comes into the property to kill his chickens that might be the place were the cat had been attacked by the dogs. I asked him to speak with his neighbour and he told me he spoke to him regarding the refund and he the neighbour that his dogs did not go into his property and he can pay half of his bill but he will not pay the whole bill.
