General Report Comments: Upon arrival the dog was kept at the back yard. The reason for the dog to bark was that he took the dog to his brother in law and stayed for 2 months with another dog. When he brings it back it starts barking and howling because it's not used to the place. The concerns I found is that the dog did not have adequate shelter to protect it from weather elements. Also they cleaned at the back made a hip of unwanted logs and branches and I educated him to remove the hip. A warning was issued for the owner to find adequate shelter.
