General Report Comments: One of the tenants opened the gate for me to enter after getting the owner's consent. I went in to investigate the complaint claims. I found 5 dogs, and they all appeared to be in an acceptable condition physically, but they were being kept in a dirty, unsanitary, trashy yard. All the dogs appeared to be sharing a single X-Large Igloo dog kennel but the dogs are alleged to be staying inside the house. She was informed about the dirty living conditions being unfavourable for the dogs, likely to cause external parasites and infectious diseases. She was advised to surrender the 3 young dogs for having too many dogs than she could manage. Mrs Neumann signed over the dogs and I loaded them in my service vehicle.
