General Report Comments: I went ot the complainant's unit to update her on our investigations thus far. I went to the unit in question to have a look on the owner's progress from the complainant's unit where I saw Mr Marcus having erected a a galvansied stainless steel(1200 x 50 x 25 mm rectangular)wire mesh secured on the border fence. I saw the dog "Cici" from the common garden and briefly spoke to the helper who said the owners were not home through the fence. I could obviously see the that my warning was complied with. She was advised to follow-up on the case and escalate the matter to the board of trustees to play their part in enforcing their Conduct Rules.
