General Report Comments: The dogs they belong to number 24 not 26
All the dogs were free inside the property.
The tan female dog which was dewormed is now in acceptable condition not underweight anymore.
The male dog with skin condition is recovering well not scratching anymore.
Puppies to be signed over to spca once they are eating on their own.
I asked the owner to make sure their gate is closed all the time to prevent dogs from getting out.
