General Report Comments: One Male Pitbul appeared to have skin condition.
Warning was issued for the owner to take the Pitbul to the Vet by 1/04/2022 for skin condition and to provide us with proof of Vet treatment by 4/04/2022.
The ducklings were in plastic crates 8 in each crate size ranges from 90 cm by 80 cm.
I advised the owner to move them by the end of 30/03/2022 into a bigger area because crates are small to keep ducklings.

I advised the owner to maintain a very strict cleaning hygiene protocol and clean evry day in the enclosures
Owner doesnt want to sterilise the Pitbuls.
I dvised vaccination for the dogs.
