General Report Comments: The 2 Tigers stay in an enclosure of about 23 metres long by 10 metres wide but its 2 enclosures with a gate allowing tigers to move from one enclosure to another enclosure.
One tiger had light bruises on the right shoulder.
Owner said they were fighting thus why he had bruises.
He applies Purple spray and terramycin wound spray.
Animals are fed twice a day different diets.
Carnivores eat once a day 5 or 6 chickens per feed and horse meat.
Owner said maintainance is done evryday if needed.
For ticks and fleas he uses Frontline Spray and Carbodust.
For Flies he uses Biogen liquid and fly traps.
Owner said the Female Vasa Parrot loses feathers on the head during breeding season and the feathers come back after the breeding season is finished.
The Camels didnt appear to have mange.
There was clean water for all the animals and the recreational water for the birds was acceptable.
The owner has already started building a bigger swimming pool area for the ducks, he said once its finished then the ducks will be moved to a much bigger swimming pool enclosure.
Owner said all the water sources gets changed all the time.
There is no Demrel boa its only 2 x Redtail Boa constrictors in a acceptable snake tank.
The snakes didnt seem to be scared of each other they were in a calm state upon our inspection..
Owner said he does not breed.
There was water for all the animals in the Zoo.
The owner said his staff members always make sure that the animals are provided with fresh food and fresh clean water daily.
The circled bird cage picture has got no hazard wire sticking out or inside.
All The female canivores have been implanted preventing them from breeding according to the owner.
We advised the owner to always make sure that all the animals are provided with clean water for drinking and swimming and clean the living areas for the animals.
The owner said he will monitor the tigers and if fighting continues he will think of alternative ways to stop them fighting but doesnt want to separate them.
Follow up will be done to check for the bruises on the tiger.
