General Report Comments: I went to the property there was no one there. The dogs were inside the house, I then left warning and request to contact.
Few minutes (20 minutes) later owner called to come back.
The dogs were still inside the house. He showed me the back of his property, it was clean no faeces no bad smell.
These are small size dogs, the place at the back is about 4m x 4m all concrete.
The owner says dogs stay inside and sleep inside. He does take them for a walk.
