General Report Comments: While I was hooting at the gate a daughter arrived coming from walking a dog which was in a good condition she wouldn't allow me to come inside the property a neighbor allowed me on her property so I can see where the dog is kept. The was kept at the back of the house where it fenced off at the top and the bottom because the fence is broken at the bottom and where the dog is kept is big enough about 20 by 30 meters. Their daughter lives on the property. She works and gets home after 3pm. She walks the dog. Dog is free when they are home.
