CHECKLISTS

General Report Comments: Upon arrival i met Theo who told me that the dog is at the SPCA and he thought I knew . However i requested him to grant me access to enter the property.

He granted me access and as i walked around the living environment is clean, hygienic and the dog has access to shelter. I saw a rope and i asked him what will he use if for. He then told me the dog runs out of the property and he doesn't even know what to do anymore. The property is adequately fenced and the dogs runs outside when he opens the gate. There is no animal on the property during this inspection.

I then removed the rope i then explained to him that using a rope to tether a dog is against the animals protection act 71 of 1962. I then educated him that he must keep the dog in the house for few minutes when he is driving out or construct a running chain that he will only use when he is driving out.

He understood and further stated he didn't know anything about the Animals Protection Act.

Case can be closed.

ACTIONS

OWNER EDUCATED

REPORT OUTCOMES

OTHER

Owner educated and no dog on the property.
