General Report Comments: Petra and I went to the property.
The property is fully fenced and gated,
Upon our arrival we were let in by the builders John, the owner was not there ,there were 2 male dogs (gsd and husky x) both dogs were kept in the fenced off area 5m x 10m wide. Both dogs appeared to be in acceptable condition.
There was big kannel and the water was provided . We left warning and request to contact.
Later that day the owner Mrs D Govender called me she said they do let the dogs out in the afternoon when the builders are gone. We will do the follow up on this.
