General Report Comments: Upon arrival i met the complaint and she granted me access to enter the property.

I then went and knocked on the front door where Kevin lives.

He granted me access to enter the property. Three dogs were observed and they are not aggressive. All three dogs appears to be in a good condition and good health. The dogs have access to tho house at all times and the backyard.

Kevin accompanied me to the back yard and the grass has been mowed. The backyard is clean and hygienic. There is no sign of a chain on this property. We further went upstairs where i observed a cat that appears to be in a good condition and good health. The property is well fenced and the dogs can't get out.

In terms of the animals protection act 71 of 1962. There is no further action that can be taken regarding the act. I strongly believe the case can be closed until further notice.
