General Report Comments: Upon arrival i met Tasmeen and she granted me access to enter the property .

We walked to the backyard and her husband was present. A mother dog was observed underweight and 4 puppies were observed in a good condition.

I then stated that she needs to make a decision now as the mother dog hasn't picked up weight. She became emotional and started crying. I made it clear to her that she can't support her dogs, i convinced her to surrender mother dog and 2 puppies. Tasmeen will be left with only two male puppies on the property.

I strongly believe the case can be closed. There is no further action that can be taken in terms of the animals protection act 71 of 1962. Case closed until further notice.
