General Report Comments: Upon arrival i hooted but no one came out. After shouting for sometime i realized no one is home.

At the entrance the dog i observed a dog named Foxy and it on the running chain that is 6 meters long and the chain was extended to 7 meters long. Foxy can exhibit animal natural behavior at all time and the kennel is provided for Foxy. Portable water is provided for Foxy and the living is clean as no feaces were observed. Foxy is aggressive when no one is home.

I then walked around the back where i observed two dogs that appeared to be in a fair condition. The living environment is clean and hygienic. The dogs have access to shelter and water is provided in 20 litre bucket. The dogs are clinically alart.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
