General Report Comments: Upon arrival I met Angie who is the owner of the dogs. She granted me access to enter the property.

I shared a nature of complaint and she told me that she can't control the dogs as both adult dogs are escape artists. I observed 3 dogs in total on the property. The dogs are in a good condition and clinically alert. They have sufficient space and according to Angie they Don't get along with other dogs. She also confirmed that the yorkie was attacked outside the property. Her dogs didn't enter someone's property however her dogs and neighbors dog were roaming on the road.

The dogs have access to shelter and water. The living environment is clean and i noticed the female dog is pregnant.

Angies dog are very active it was hard to even take a picture as they were running around. I gave Angie an option to surrender two dogs that are causing trouble. She told me she will speak to her husband first as they are tired of these troublesome dogs.
