General Report Comments: Upon arrival i hooted and the young girl who is under age came to the gate.

I questioned if is there anyone home and she told me that she is alone. I didn't wanna enter the property to avoid false allegations and two dogs were observed on property. Both dogs are clinically alart and in good health. The dogs have access to adequate shelter and water is provided. The living environment appears to be clean.

During the inspection the dogs were in the property and looking at their fence. The owner of the dogs have closed off every hole and they used netting to raise the fence .

I didn't issue any warning however i advised the kid to tell his parents that the dogs must be kept on their property at all times.

Case can be closed as there is no contravention of the animals protection act 71 of 1962. There is no further action that can be taken.
