General Report Comments: Upon arrival I hooted the gate opened

I entered the property and the owner of the dog is He Feng who is a Chinese national and he was with 6 of his brothers. I shared a nature of complaint and they denied ever hitting the dog. I made it clear that if i should receive evidence I'll take legal actions.

The dog name is Jack and it was observed in a good condition. The dog sleeps in the house and has adequate shelter outside. The living environment is hygienic and the dog has access to portable water. The dog doesn't seem to be terrified of the owner or anyone on this property.

I issued a warning stating
It has been brought to attention that you were seen beating the dog. If SPCA should receive any evidence supporting these allegations further action will be taken in terms of the Animals Protection Act 71 of 1962.
