General Report Comments: Upon arrival i hooted several times.

The guy who opened the gate introduced himself as Zenzele. I shared a nature of complain and he told me that he thought that im coming to collect ginger cos he is coughing.

I informed Zenzele that i received a complaint and i was sent to investigate. Zenzele suggested that i can load the dog for treatment and refused since they have 5 vehicles parked at the property. I informed him that we dont offer ambulance services and he must transport his dog to the veterinarian

The dog named Ginger was observed coughing. Other 3 dogs were not coughing at all and all these dogs are roaming freely inside the property. They have access to portable water and the living environment is clean.

I issued a notice to comply
Ginger was observed coughing
