General Report Comments: Upon arrival i met the security guard who directed me where to find a reception

I met a lady at the reception and shared i came to visit regarding ducks. She went and call Samantha.

I met Samantha and shared a nature of complaint. She took me around the premises and she also stated the allegations are not true. The security guard was accompanying us during the inspection and he stated he is responsible to ensure ducks are fed.

We walked around and no duck appears sick or injured. The ducks appears to be in good health and clinically alert. The ducks has access to water and shelter.

I issued a warning

It has been brought to attention that someone on the property or staff members were seen killing the ducks inhumanely and the ducks are used for meat consumption. If we should receive any evidence supporting these allegations will lead into further actions taken against you for being in contravention of the animals protection act 71 of 1962.
