General Report Comments: Upon arrival i met Pregasen and he can't control the dog named Alex.

I informed him to call the dog named Alex and i noticed the dog has a cut around the neck . Alex is roaming freely on property and he hasn't done anything . He wanted me to collect the dog and take it to SPCA but i refused as i saw his BMW parked at the property . I made it clear he must take his dog to the Veterinarian and I'll issue a final warning. The maltise is groomed

I issued a warning

-To provide the injured animal/s with adequate vetinary treatment within 48 hours and provide the SPCA with a Veterinarian report.

I added
