General Report Comments: Petra and myself went to the property. We were met by the owner, he owns 2 dogs male and female both in acceptable condition and they had access to food and water. Property was not fenced both dogs were tied on long rope in front of the door cottage. We advised the owner not tie the dogs instead he must keep the dog in the house and takes them for the walks everyday. He agreed and he released the dogs.

There were 3 Jojo tanks across the house. They all had no lids so will get some thing to close them, we will go back on Thursday 16 October.
